

PRESS RELEASE

The Technical Chamber of Greece / Section of Central Macedonia organized an online awareness event (webinar) of the project ENTEG - Entrepreneurship for Tertiary Education Graduates that took place on the 25th of August at 10:00 Athens time. All Project Partners and their beneficiaries attended and discussed about the online training that is about to be completed as for the upcoming events and the implemented actions.

The webinar was broadcast live and is available on the ENTEG facebook page: <https://www.facebook.com/entegInterregIPACBC>

They renewed their face-to-face meet-up for the first week of September with the start of the first cycle of experiential activities and workshops.
